Dear Editor,

The Moab Valley Multicultural Center (MVMC) would like to thank the Moab community for supporting our mission this year. In 2015 we were able to provide 700-plus hours of advocacy and crisis support services. At least 1,300 people attended an MVMC cultural event and we facilitated approximately 75 cultural activities for youth. As always, we are growing each year and we couldn’t succeed without the strong foundation of the Moab community. The need for organizations like ours who help build bridges across language and culture is expanding. This year, we officially recognized 38 organizations and businesses as community partners of the MVMC and provided 1,000 hours of interpretation and translation. If you or your business could benefit from our services, please don’t hesitate to contact us. Otherwise, we hope to see you at a 2016 MVMC cultural event!
